

Advice to Visitors, Contractors and Delivery Drivers Visiting A.F. Blakemore Premises

Please help us prevent the spread of coronavirus – to keep you, our colleagues and our customers safe.

1. Wash your hands with soap and water or sanitise your hands:

- On arrival at and on leaving the premises. Ask a member of our team where you can do this
- After coughing or sneezing
- Before and after eating or drinking

2. Never cough or sneeze into your hands. If you do not have a tissue, use the crux of your elbow.

3. Do not touch your eyes, nose or mouth with unwashed hands.

Thank you for your assistance.
